# ABOUT BRIEF HISTORY OF CHIEF

Shihan Ramsheed, the Founder, Chief Instructor, and Chairman of TSKF, was born in 1985 in India. He has been practicing martial arts from a very young age. He received his Shodan degree from Late Dr. Shihan K.M. Basha. Since then, he never looked back and continued to move forward with an unquenchable passion to explore every aspect of martial arts. In 2005, he established his first dojo under the name International Shotokan Academy, which was later renamed Tora Shotokan Karate

Association. Along with his personal training and practice, Shihan Ramsheed has been actively imparting karate training to children, youngsters, and adults, creating a strong foundation for the next generation.

He later joined the Funakoshi Shotokan Karate Association World to further expand his experience. Guided by several renowned senior masters in India and abroad, Shihan Ramsheed continued to strengthen his knowledge and skills. He was also privileged to receive advanced karate training from Grand Master Soke Kevin Funakoshi.

Over time, the branches of TSKF spread across many states of India, creating the need for a stable federation to organize and promote activities of affiliated dojos. With this vision, Shihan Ramsheed established the Tora Shotokan Karate Federation in 2020, recognized internationally through FSKA World, WKMA, and KIO.
